ASSISTANT STYLIST PROGRAM

The duration of our assistant program is approximately 9 months (39 weeks). The amount of time in the program can change dependent upon how quickly you build YOUR clientele and gain the skills necessary to succeed in this industry. The program is broken into 3 phases of 13 weeks each! During this time, you will gain knowledge in your technical skills, business building skills, and interpersonal skills.

We are committed to transforming artists into extraordinary salon professionals and supporting them through their journey to build a phenomenal career. Canvas Hair Studio provides each assistant with the tools, the techniques, and the business skills to build an exciting career! We truly believe that taking on the role of an assistant will catapult you into this industry much faster than going at it alone.

During this time you will be making minimum wage, \$15/hr + 20% of your lead stylist's tips. You will also have opportunity to take your own shifts and make commission on services.

We focus on creating personalized styles that enhance beauty while building lasting relationships and a strong sense of community.
